“The Beloved Community”

DR. MARTIN LUTHER KING, JR. EMPLOYED THIS TERM TO capture the essence of the kind of world he believed we could create. He envisioned a just community; transcending barriers of poverty and racism. He was a transformational leader whose wisdom continues to inspire goodwill the world over. Here are a couple quotes to remind us of his wisdom:

“The time is always right to do what is right.”

“When an individual is no longer a true participant, when he no longer feels a sense of responsibility to his society, the content of democracy is emptied.”
